

# every house should have ...

... these items for cats and dogs, say animal experts. Your pets aren't getting the exercise and mental stimulation they need without them. Make sure your best furry friend loves your home as much as you do.

## 4 things every house with a Cat needs (depending on the cat's need for safety, stimuli and control)

High places where the cat is allowed  
*"I am King Cat, and this is my kingdom."*

a scratching post  
*"It's this or the couch, human. Maybe both."*

a window ledge  
*"Look! Cat TV!"*

a cozy place (a box or a tunnel)  
*"Finally, some peace and quiet."*

## 4 things every house with a DoG needs (depending on the dog's age, breed and personal preference)

a job (herding, hunting, catching, learning new tricks)  
*"I like to feel useful, boss."*

Walks (probably on a leash)  
*"Where we goin', boss?"*

toys for chewing, digging up and carrying around  
*"This is my friend. His name is Chester. He lives in my mouth."*

rotating toys and novel ways to play (preferably with you)  
*"New toy? New game? You're the BEST, boss!"*
